

## Material Safety Data Sheet

<b>Identification:</b>	Streptococcus strains
<b>Manufacturer name:</b>	SSI Diagnostica A/S 2 Herredsvejen DK-3400 Hillerød Denmark Tel.: +45 4829 9100 Fax: +45 4829 9179 Email: <a href="mailto:info@ssidiagnostica.com">info@ssidiagnostica.com</a>
<b>Hazard identification:</b>	Potentially infectious. All streptococcus strains offered by SSI Diagnostica are biosafety level 2 bacteriological agents.
<b>Composition/information on ingredients:</b>	The streptococcus strains are either in lyophilized form or in stuart medium.
<b>First-aid measures:</b>	Eye - Wash out with plenty of water and contact a doctor. Skin - Immediately disinfect area with antiseptic solution. If a wound is infected with the bacteria immediately disinfect area with antiseptic solution and contact a doctor.
<b>Accidental release measures:</b>	Wear appropriate protective clothing. Properly disinfect any spills.
<b>Handling and storage:</b>	Stored at room temperature.
<b>Exposure controls/personal protection:</b>	Work in a biological safety cabinet and wear disposable gloves.
<b>Physical and chemical properties:</b>	White/yellow bacteria.
<b>Stability and reactivity:</b>	Lyophilized strain in intact ampoule kept in dark place and at room temperature is stable for numerous years.
<b>Toxicological information:</b>	Low acute toxicity.
<b>Ecological information:</b>	None.
<b>Disposal considerations:</b>	Clean spills with antiseptic solution and dispose waste as infected material.
<b>Transport information:</b>	UN number 3373. Biological Category B
<b>Regulatory information:</b>	None.
<b>Other information:</b>	None.
